

Manufacturer of the Year

ASTRO-THERMAL-TEC LTD.

Astro Thermal Tec Ltd. is the manufacturer of a large volume high efficiency (95%+) industrial water heater. Efficient, reliable, safe, versatile and environmentally friendly are the best descriptors of our product. Continuous research and development along with quality service and support are the hallmarks of our family centered company culture.

4th Annual Oil & Gas Awards Judge's Comments:

A fantastic story of entrepreneurialism to develop a system that reduces the environmental footprint and make use of an abundant supply of natural gas within the region. The BTU Frac Water Heater appears both safe and easy to operate.

Great efficiency gains with this system.
